## This Week at MCG...

### EARTH & THE ENVIRONMENT

One of the very important topics we will discuss is our planet earth. With all the environmental concerns we are facing, it is important to teach our children what they can do to help keep the planet cleaner, safer and more resourceful. We will focus on some key skills that everyone should practice, such as recycling, reducing and reusing materials.

**R IS FOR REDUCE, REUSE, AND RECYCLE!**

#### REMINDER:

Please remember to check your child's extra clothing box to ensure they have the following items:

A pair of pants, a top, underwear/or diapers, and socks

importance of environmental awareness, your child will also be learning about the structure of our planet. We will tie in last week's theme and discuss how we can get from place to place.

هذا الاسبوع سنتكلم عن "اعادة التصنيع" و فائدته في الحفاظ علي البيئة.
